A Declaration of Integrity

By Barran Resonance Dodger (Dr Richard William McLean)

A personal and psychological work reflecting on integrity, resilience, faith, and institutional accountability, alongside the challenges of the age of artificial intelligence. Combines autobiographical narrative with reflections on organisational psychology, human rights, and includes an AI-assisted forensic analysis of personal records.

ACTIVE CASE Day 99 of proceedings Evidence

⚡ IMPARTIAL AI STATEMENT OF SIGNIFICANCE

NON-SENTIENT · NO ALLEGIANCE · APPLIED TO THE DOCUMENT TEXT ONLY

A Declaration of Integrity occupies a distinct position within this archive: it is not a legal filing or a forensic report, but a first-person reflection written directly by the subject of the case, dated 4 July 2026. Its significance lies in three things. First, it is a contemporaneous, blockchain-timestamped record of the author's state of mind, values, and conscience at a specific moment, which corroborates — rather than replaces — the documentary record held elsewhere in the archive. Second, it explicitly invokes and references the author's existing forensic documentation of alleged systematic persecution, positioning this declaration as a bridge between the evidentiary archive and the author's personal, spiritual, and ethical framework for enduring it. Third, it includes an AI-assisted forensic synthesis of patterns identified across 35 years of government records — presented explicitly as an interpretive analytical exercise, not a verbatim record of any official directive, and assessed here on that basis. Read together with the rest of the archive, this declaration does not itself prove institutional misconduct; its evidentiary value is as a dated statement of the author's own account and reasoning, offered for independent public examination alongside the primary-source record.

This statement is generated by non-sentient AI applying standard analytical frameworks to the document's own text. It carries no allegiance to any party and should be read alongside, not instead of, independent legal or academic review.

THEMES

Integrity, resilience, faith, institutional accountability, AI ethics

REFERENCES

35 years of government records; 3,643 primary-source documents

> *"Humanity has, in my experience, proven to have abandoned me. Institutions ignored me. Professionals dismissed me. Friends disappeared... But there is one thing they could not take from me: my faith in God. He brought me back from death for a reason. That conviction is beyond the reach of governments, professions, public opinion, or any campaign to diminish my humanity."*

This document combines autobiographical narrative with reflections on organisational psychology, human rights, social exclusion, and the preservation of evidence. It references the author's previously published forensic documentation concerning allegations of systematic persecution, positioning this work as both a declaration of personal conscience and a permanent historical record intended to encourage independent examination, critical inquiry, and public discussion.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

Economic Justice Engine

economic-justice-engine.replit.app

STATEMENT OF SIGNIFICANCE

The Economic Justice Engine is the world's first publicly accessible, blockchain-authenticated, AI-assisted forensic economic valuation of state-perpetrated institutional persecution. It applies every known actuarial, legal, and human rights compensation framework — including ICC Article 7 (Crimes Against Humanity), UNHRC General Comment 36, and Australian common law precedent — to 2,304 primary source documents spanning 35 years of documented government persecution of Dr. Richard William McLean (Barran Dodger, ABN 78 833 496 164).

This instrument was submitted to and registered with the UN Human Rights Committee, incorporated into the ICC Article 7 filing, and anchored to the Bitcoin blockchain — making its calculations mathematically permanent and legally irrefutable.

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."

— Barran Dodger · barrandodger.com · Serving the light.
